Description of your proposed project:

I have been asked by our parish wardens to put forward a proposal for the 100 Men funding.

After doing several community consultations with the wider community around Morrisburg we discovered that there is a need for programming and support for kids who come from low income families. After speaking with teachers in the area, we were told that programming in music and theatre needs all the support it can get, and it is an accessible door through which kids can make new friends, discover new skills, and boost their self esteem and confidence.

Our parish is putting together a new music program that would allow for free music and theatre lessons for kids from low income families in the area. We have a professional teacher, and community support, to come in and run the program. What we need is proper financial support to fund a three year program development and implementation, as well as provide appropriate instruments.

The Anglican Diocese of Ottawa is willing to help out to a certain extent, however we require additional funding to make sure that the instruments are available, and the three year time frame can be paid for.

For this project, it will cost \$10,000/per year to hire the professional teaching, and instruments will cost approximately \$6000.

The diocese seems willing to pay for two of the three year, however the final year of funding is missing, as is the cost of instruments. We need to find a way to bridge this gap.

With the support of 100 Men, we would be able to ensure quality programming for low income families in ways that can change the lives of these children.

I have been given the authority to submit this proposal on behalf on the organization.

This organization can give tax receipts for donations either directly or through another charity or municipality

What is the estimated cost of this project?

\$6,000-\$10,000

What is the estimated date of completion if this group receives the donation?

January 1st, 2019

How will completion of this project directly benefit the residents of South Dundas?

Our parish is putting together a new music program that would allow for free music and theatre lessons for kids from low income families in the area. We have a professional teacher, and community support, to come in and run the program. What we need is proper financial support to fund a three year program development and implementation, as well as provide appropriate instruments.

What do you know about this organization that you wish everyone knew?
